What people say about this book

Teresa, "I just LOVE this book!. Kim has covered all the bases in this book and then some. My smile just got bigger, and bigger as I turned the pages. Every page is extraordinary!!'m thrilled she was able to include some of her bakes from the GBBO collection 6. So much inspiration in this book, it's definitely a winner. Did I mention I LOVE this book!"

James Hudson, "Such a great cook book. If you are a fan of Kim-Joy, this is a must have! So much charm and character!"

Cheri Ives, "Wonderful baking cookbook. Kim-Joy's designs are wonderful. I watched her on The Great British Baking Show and fell in love with her imagination and use of various animals in her designs. She almost won the whole thing the season I watched her bake and I find her very inspiring. She's British, but the amounts show American conversions so you don't need to work that out yourself. I bought all three of her cookbooks. I think she's great."
