

# Making Ceramic Sculpture

*by*

William W. Braham

## **Synopsis**

This book takes the reader through the process of learning how to make hand built ceramic sculpture with simple yet evocative, flexible techniques. Intended primarily for beginners, the text also addresses issues of ceramic form, process and ideation that will be valuable to intermediate ceramic artists as well. An extensive, full color gallery section showcases some of the best contemporary ceramic sculpture from 104 artists worldwide.

## What people say about this book

paint&paint, "Wonderful. This book is well thought out. It is good for beginners as well as more experienced ceramicists who need a little new inspiration. This will get your ideas flowing."

Chicky, "Ceramics WorkBook. "Making Ceramic Sculpture Techniques" is an excellent "how to" book for the beginning student. It provides you with basic good information about clay and how to different sculptures using different techniques. It is a good starting point."

Linda, "Inspirational. I'm a complete beginner and I love this book. It has photographs of really cool ceramics that are all inspirational. I go back and look at it whenever I'm wondering what to do next."

Deborah A. Seccombe, "Lovely. This book is a gentle instructor to anyone who wants to get into clay. He encourages you to find your style and gives easy to understand instructions as well as many different inspirational pieces to get your creative juices flowing!"

Primrose Hollinsed, "Being creative with clay .. Ceramic making pieces & sculpture ."
