Synopsis

Discover the secrets of real Italian food with Gino D'Acampo as he captures the flavours, smells and tastes of his homeland in over 100 deliciously simple recipes. From much-loved pizza, pasta and antipasti dishes, to Gino's classics with a twist such as Honey & Rosemary Lamb Cutlets and Limoncello Mousse, this book is packed with mouth-watering favourites that will soon have you cooking and eating like a true Italian. Accompanying a major ITV series, Gino's Italian Escape is a celebration of the very best Italian food from one of the country's favourite exports.

What people say about this book

Bozz, "Awesome is the word . Guys, great book really. Gino is a funny character as well and a great chef. His documentaries are awesome and so is the book. Overall AAA+++"

Barbara Trench, "Very interesting, great recipe.. Lot of history would like to visit. Easy to follow. Good results each recipe."

Sugarhorns, "Gino makes Italian cooking fun!. I've seen Gino on tv any number of times. He's a charming man and a great chef. His recipes are clear and easy to follow. As he would say, "minimum effort, maximum satisfaction!"

Ebook Tops Reader, "Fabulous!. This cook book is fabulous! So far we have made 5 or 6 of the recipes (some repeatedly) and all have turned out wonderfully. Gino's Flat Bread with Garlic And Parsley has become a family favorite and his Onion, Tomato and Panchetta Soup is to die for! This is definitely one of the best cook books I've ever owned. I highly recommend it."

Anne Rothstein, "easy to follow recipes. Simple, easy to follow recipes, nice back ground information - the title says it all!"

SarahW, "Italian cooking. Yummiest food, easy to cook. Have a number of his books, never fails to amaze. Lots of family faves from the books."

flashg, "Ginos Italian Escapes book 1. Bought a 2nd book of Ginos Italian recipes having watched his recent Television series and this book like his Taste of Italy book is again full of easy to prepare scrumptious recipes, highly recommended from a totally useless husband in the kitchen I have now suprised my wife with my new found culinary skills"

Mrs. J. M. Hodgkinson, "Gino doesn't disappoint. We love Gino and all his recipes in this house (my husband is the cook here !) and after watching the TV programme, there were a lot of recipes that he wanted to try so I got this book for him to go with all his other Gino books, and I must say this is our favourite. There are some really terrific recipes in, not expensive but very tasty, some of the desserts are to die for (we had a bottle of lemonsello in the cupboard so the lemonsello and lime mousse - mmmm and the Baileys panacotta - double mmm !. All in all a terrific book, definitely his best we think, we're slowly working our way through it. There's nothing too complicated and we think it's extremely well written and illustrated, bit confused why some reviewers think otherwise. Anyway at this great Amazon price, buy it - you won't be disappointed, even if you havent tried Gino before !"

Alistair, "Really nice. Good well made book with proper pages. Recipe instructions are clear and

there are numerous photographs to help you along. Really love making the pizza's out of this and have become a regular midweek meal. Plenty breads, pasta, fish to keep you going. Also really like the introduction to the recipes from Gino and how they have some sort of personal meaning. Really nice book."

Neeny, "Worth every penny. This is perhaps one of my favourite cookery books I've bought for a while. Full of interesting little stories of Gino's upbringing and nostalgic memories of the food of his childhood . All ingredients mentioned are easily available and none of them ridiculously expensive. I didn't know what to expect and am pleasantly surprised, the recipes are easy to follow, lots of good photographs of the dishes and some nice ones of Italy too.Gino's enthusiasm is catching, I can't decide which recipe to start first and this time of year is perfect for most of his dishes.Definitely recommend giving this one a go even if it's just to drool over his beautiful face."

J Munro, "One of the best cookbooks out there. I bought this book because I HATE cooking and would rather do something more interesting instead. It's like pulling teeth for me - I find it boring, tedious and it makes me peevish.I watched Gino's TV programme and, after seeing one too many dishes that looked really easy, quick, and delicious, I decided to buy the book - I was not disappointed. I've used a few of these recipes now and they're great. Really easy to understand recipes, they taste great and the book is also very beautiful to read.Fanntastico as the fella himself would say!"
