## What people say about this book

Erin, "First year teaching second grade. I'll be honest, .... First year teaching second grade. I'll be honest, I didn't clearly read the description, so I'm not knocking too many stars off as that was my fault, but I was looking for an actual book to read my kids on their first day, and this is a book full of poems. So just make sure you read the descriptions!"

Heather Marie Driscoll, "The Second Grade Savior !!. I bought this for my daughter to read the night before she started second grade and wow ! She loved it ! I've gotten her Kindergarten Here I Come, and First Grade Here I Come before kindergarten and first grade, so she was very excited to continue the back to school tradition. It's a cute book with lots of cute rhymes."

Hock, "Great gift for the end of first grade. The book is a little cheesy, but there aren't many books out there specifically about going into second grade, so they made a nice end-of-year gift for my first graders."

Beulah, "Great book for an awesome price !!. This book as great value for an awesome price !!"
