Synopsis

Yuichiro's dream is near-impossible, given that vampires are seven times stronger than humans, and the only way to kill them is by mastering Cursed Gear, advanced demon-possessed weaponry. Not to mention that humanity's most elite Vampire Extermination Unit, the Moon Demon Company, wants nothing to do with Yuichiro unless he can prove he's willing to work in a team—which is the last thing he wants!

What people say about this book

Xyon McKell, ““You humans live solely at the mercy of us vampires.”. Humans have caused an epidemic that kills every adult on earth, and vampires take advantage to emerge from the shadows and enslave what’s left of humanity.Orphan Yuichiro and his friends are kept as little more than a food supply for the vampires, and he dreams of escape to the world above. But the cost of disobedience is high...The core ideas and general world are interesting, but Vampire Reign fell into usual Shounen trappings very quickly after strong prologue. The”normal” school setting seems out of place and very forced, and it would have been more compelling to spend significantly more time in the Vampire world, which was intriguing and different.There’s potential here, but the jury’s out so far. I have a few more volumes available, so we’ll see how it goes.”

James M, “Its Good. Its a good story and its great to but when run for the exit the city is still there and everything but in ruin. Yeah vampire but this time demons and angel and many more to come can't wait for the next book. By the way the main character wants revenge on those vampire for killing his family kinda sad but thats how the story is. When i finish reading the volume 1 book seraph of the end in my mind my first thought was what happen to the virus is it gone or its still there or somewhere, just who created that virus just asking myself this well its a good book to read.”

Miranda, “All aboard for the Feels Express!. I absolutely love this series! I love it so much I just purchased volumes 2,3, and 4! I love a good Manga with an excellent plot and even better plot twists, and this has both! The story thus far is captivating and I will admit I did cry! If you are like me and love a good action pact manga with blood and again a good plot story, then Seraph of The End is the manga for you! I could give detail about the story but I really feel that you yourself should experience it. I bought this series on a whim, and it was the best decision I have made! Hopefully this helps if you have any doubts! ;)”

Reileen, “MIKAYUU BRO. Ah. I love the feeling of MikaYuu so bad. The art is gold.. I received mine exactly on the delivery day (3 hours earlier) It came wrapped, pretty. Though, I noticed a scratch at the bottom of the Manga (It's fine though. You cannot notice it unless if you stare closely at it o-o I have an obsession with unharmed books) I also bought it with the 2nd Manga :D lly I love it.”
