Synopsis

"French for Children - Basic Vocabulary" is a visual dictionary produced especially for children aged 4 to 10 who are learning French. The structure of the book is divided into seven parts:- Days of the week;- Months of the year;- Seasons;- Clothes and shoes;- Body parts;- Places;- Food. Each section contains the most frequently used French words, presented as follows: 1) French word; 2) Translation of the word into English; 3) Figure or image that symbolizes the word. This allows the student to make the association between word and image correctly.
