Synopsis

Yes, you can survive and thrive! Prepare to get some perspective on how to persevere regardless of life's challenges from this collection of chapters by 16 Awakened Leaders. These empowering stories of self-healing, triumph, and transformation by experts including corporate leaders, mental health advocates, holistic practitioners, spiritual teachers, and transformational coaches offer the hope of a better future. The purpose of the Awakened Leaders book is to raise the consciousness of the planet by empowering as many people as possible. By stepping forward as Awakened Leaders, we offer hope, inspiration, and guidance to others as we evolve into more enlightened ways of being and more purposeful ways of living. By sharing our stories of self-healing, triumph, and transformation, we hope to empower others to live to their highest potential and overcome any seeming obstacles in their path. It is our belief that by co-creating our Awakened Leaders book project as a collective, we can reach, inspire, and empower the most people and, in doing so, raise consciousness and heal the planet itself.
